

T25 Aluminium Support Rail

Overview

Non-combustible aluminium support rail designed to support Ryno decking boards. Support joists designed to be secured directly to balcony steelwork to create a fit-for-purpose height build up where timber batten is being replaced, or a low height build up is required.

- Class A1 fire rated
- Large fixing flanges for fixing into steelwork
- Manufactured from incredibly strong and lightweight aluminium
- Available in mill finish or powder-coated

Performance

Material	Aluminium alloy 6063 - T6
Biological/Chemical	Resistant to moulds, algae, alkali, bitumen, UV
Reaction to fire	Mill finish - A1 (inherently non-combustible)
Compatible products	ADB, DFB deckboards from the Ryno BalcaSmart Aluminium ranges
Warranty	30 years*
Design life	60 years*

*Valid when used as part of a complete RYNO IGNO system

Dimensions

Code	Height	Width	Stock lengths
